

Careers in Ideas: *Summer of IP 2024*

Activity provider registration

Thank you for taking part in *Summer of IP 2024*. Your input will help us attract new talent into the IP professions, improve access for them, and increase our future diversity.

Summer of IP 2024 is a Careers in Ideas campaign to raise awareness of IP sector careers and offer pre-application opportunities to a wider range of potential recruits. The Careers in Ideas team will provide introductory talks and events and a central listing of all the available employer-led activities, such as an open days, work experience opportunities, talks or mentoring sessions.

Please ensure that you have read the document “Guidelines for participating organisations”. We are asking that you comply with these basic guidelines in order to safeguard individual participants’ privacy and wellbeing, the quality of the *Summer of IP* offerings and their alignment with IP Inclusive’s objectives (see “About Careers in Ideas” below).

It is up to you what type of activity or event you offer; where, when, duration and who you target. Please see our “Activity Suggestions and Resources” document for some suggestions for “taster days” and activities, which we hope will inspire you. This also includes links to other Careers in Ideas resources. Please feel free to create your own plans, however, to suit your organisation, and/or to provide work experience or other types of opportunity for would-be recruits.

Please provide some basic information about your proposed event/activity in the form below. If you’re not sure of all the details yet, that’s ok – please provide the details you can at present. If you’re able to provide more than one type of activity (eg for different types of roles, or in different locations), please provide additional details or complete additional copies of the form as appropriate.

About Careers in Ideas

[Careers in Ideas](#) is the outreach arm of [IP Inclusive](#), an initiative which aims to promote and increase equality, diversity, inclusion and wellbeing in the UK’s IP professions. The Careers in Ideas mission is to improve awareness of, and access to, IP-related careers, in particular for currently under-represented groups by offering [a range of resources aimed at school, college and university students and their advisers](#) and a [Careers in Ideas mentoring hub](#). Importantly, Careers in Ideas exists to promote the full range of IP sector careers, including associated business support roles.

IP Inclusive and Careers in Ideas are governed by [IP Inclusive Management \(IPIM\)](#).
